ABOUT US

We serve the automotive industry by providing marketing services and online technology platforms for our business clients, primarily automotive dealers (*Dealers*), including online and mobile applications for their customers (collectively, our *Services*) to help Dealers sell and service more cars.

OUR APPROACH TO PRIVACY PROTECTION

Team Velocity Marketing, LLC and our affiliates (*Company, us or we*) have adopted this **Privacy Policy**, which applies to all users of our website teamvelocitymarketing.com, and of its subdomains, and any websites specifically identified as belonging to us (collectively, *Sites*). We are committed to protecting the privacy and personal information of users of our Sites and Services.

This Privacy Policy describes our policies and procedures for the collection, use and disclosure of your information and data on our Sites and through our Services. Information we collect on behalf of Dealers or that they collect and store in one of our applications is subject to their own privacy policies and practices. Our Privacy Policy applies only to personally identifiable information we collect on our own behalf. Our Sites also contain a link to **Terms of Use** which govern your use of these Sites. You understand that by using the Sites or Services you agree to the terms of this Privacy Policy and the Terms of Use.

INFORMATION WE COLLECT AND HOW WE COLLECT IT

The personally identifiable information we collect may include your name, address, zip code, phone number, email address, and other identifying information, and may also include information about vehicles you own or lease (*Personally Identifiable Information or PII*). We collect PII in a number of different ways and from a number of different sources. We collect PII you provide us through our Sites or when using certain aspects of our Services. We may also collect PII you provide to Dealers, auto manufacturers, or our authorized vendors, as well as information we obtain from third party databases (collectively, our *Partners*).

As part of our Services, we may serve as an intermediary between you and a Dealer where we have access to emails, calls, chats or texts. In this capacity, we would have the ability and authority to read or listen and retain the content of those communications, including contact information. In all cases, the information we may retain and how we may use it are subject to this Privacy Policy and applicable law.

We may also collect usage information about how our Sites and Services are accessed and used. This may include information such as your computer's IP address, browser type, type of device used, pages on our Sites that you visit, the time and date of your visit, the time spent on those pages, unique device identifiers and other diagnostic data.

HOW WE USE YOUR INFORMATION

We use your PII to provide information you request from Dealers about their vehicles or services, to respond to your inquiries, and to customize information and advertising that we believe may be of interest to you. We may

also use your PII to provide you with marketing materials, as well as other information we believe may be relevant to you. We also use remarketing services to advertise to you on third party websites, such as Google, Bing, Twitter and Facebook and their partners. To control or opt out of any of their ad services, or to review their privacy policies, please visit their sites.

Your PII may be shared with our affiliates and Partners, and may also be disclosed to third parties who work with us, our affiliates, or Partners. Dealers and auto manufacturers, for example, may use that information to contact you. We may also work with third parties that provide certain functions on our behalf, such as analyzing data or authenticating contact information.

We require our third party service providers to contractually commit to protecting your PII in accordance with both industry standards and applicable law. While we have implemented policies and procedures to protect PII, we cannot control, and are not responsible for, the manner in which our Partners or other third parties use that PII. Accordingly, you should review their privacy policies, as well.

We may also use your PII by combining it with non-personal information and aggregating it with information collected from others. We use this aggregated data in a number of ways, such as to improve the quality and value of our Services and to analyze and understand how our Services are used. In addition, we may provide aggregated data to our Partners so that they may understand how people use our Services or their own.
