

The Team Velocity Dealer Assistance Program

We, like you, are concerned about our customers, employees, suppliers - our community - as we continue to manage the impact of the coronavirus. We know there are new challenges for reaching customers in this uncertain business environment, in response we are offering our Dealer Assistance Program.

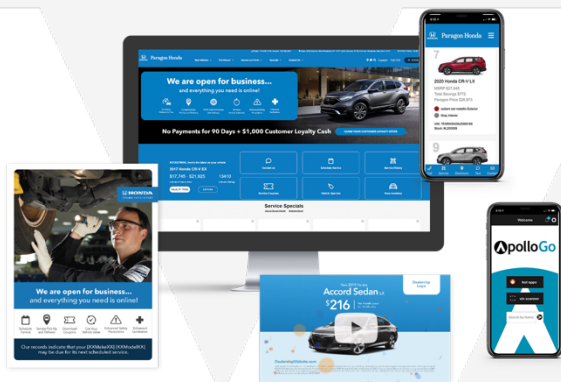

Starting in April and extending through May 2020, Team Velocity will provide a comprehensive program that includes:

25% to 100% discounts on all our monthly fees
100% of the following fees will be waived:

- All our set-up fees
- Primary Website for first 30 Days
- Service Scheduler with built in Pick Up & Delivery
- Mobile App with unlimited users for remote selling
- Text App
- Custom template for Advid video pre-roll
- Additional targeted households for mail

If, and when, any third-party data providers discount or eliminate their fees we will pass those additional savings directly on to you. Team Velocity representatives will be reaching out directly to better understand your individual situations, help plan strategic communications to your customers and answer any questions you may have about the Dealer Assistance Program.
